### **PICOTIN AT HOME**

Picotin is all geared up to pamper their patrons with the introduction of their delivery service which will launch on 2<sup>nd</sup> February. The establishment is all about family and understands the problems households may face on transportation, time constraints, or busy lifestyles, which could take the leisure out of dining at restaurant premises. In answer to an aspect of daily life that may sometimes take a hectic turn, Picotin feels it is timely to add an avenue of assistance which they are confident will be embraced by their clientele.

The delivery menu is an extensive range that would cover any home dining requirements from food to drinks. Picotin's impressive list of pizzas are available in three different sizes – the 9", 12" and 21". For the more complete meal, there is a selection of soups and starters to get the appetite going, with a follow-up of mains comprising beef, lamb, venison or poultry. To be spoilt for choice, pasta with a variety of sauces and lasagna are on the menu together with an assortment of hot or cold savouries and side orders like fries, couscous and salad. To finish off with a relish, desserts and cheese are on hand. Not forgetting the beverage part for any meal enhancement, Picotin has put out a list of house wines, beers and ciders that can be readily delivered to your doorstep.

Initially, the areas covered by this new delivery service will be: Dairy Farm Road, Bukit Timah Road, Eng Neo Avenue, Adam Road, Lornie Road, Thomson Road, Newton Circus, Scotts Road, Orchard Road, Napier Road, Holland Road, Sunset Way, Eng Kong Drive and Toh Tuck Road.
